## FFEC TÜRKIYE

Our target of **supporting 10,000 families** on a monthly basis represents just a small portion of the people that are in dire need right now in Türkiye. Millions of others are facing hunger and starvation. Their lives are at stake.

Food for Every Child has done all it can with its available resources. However, we will not be able to supply additional aid without **your donation and support.**

We cannot afford to turn a blind eye. The magnitude of this crisis demands **immediate and collective action.**

“With our existing resources, we have so far been able to provide hundreds of families with the basic necessities. But that’s just a drop in the bucket. There is still an urgent need for your help to support 10,000 families every month. We cannot do this without your donation. Rest assured that every donation received will reach the families in need, directly and without detours.”
